### Top Tips

You can print it with any ink jet or laser printer!

Please do not cut inside the black dotted outline

You can laminate your barcode with plain, thin, untextured film to give it some extra protection

The page contains four copies of your barcode, here's some places that you could store your code to make sure you've got it next time you're at the court:

- In your wallet
- In your racket bag
- With your phone
- In your tennis shoes
- If you drive to the courts, put one in your car
