

MY COMMUNITY, MY TENNIS

Bringing tennis into
the heart of your community

LTA SERVES is our industry leading sport for development programme which takes tennis into the heart of local communities. It takes tennis and its benefits to places it has never been played before and to people who may have never picked up a racket, or thought tennis was for them.

LTA SERVES targets children and young people aged 4-18 years, from a diversity of backgrounds and underserved communities. It's delivered in a variety of venues including Community Centres, Youth Clubs, Council & Housing Estates, Mosques, Gurdwaras, Mandirs and Church halls.

We empower and equip communities by engaging and upskilling local people to become 'Tennis Activators', enabling them to confidently deliver tennis sessions to their children and young people.

LTA SERVES Social Impact Themes 'Self-Confidence', 'Health & Wellbeing' & 'Communities Together' support children and young people's development & knowledge to help tackle some of the major issues they can be faced with.
