

LTA U10 Regional Camp Nominations – Tennis Wales Nomination Criteria

1. Introduction

One of the 'LTA Delivered' elements of the Regional Performance stage of the [Player Pathway](#) is U10 Regional Training Camps. These camps are delivered at U8, U9, and U10 age-groups in the five English regions on a termly basis. The LTA U10 National Pathway Coaches liaise with County Performance Leads to ensure that players are nominated for consideration for the camps at the appropriate time according to where they are currently at with their tennis.

In Wales, the LTA U10 National Pathway Coaches liaise with Tennis Wales so that Welsh players based in South Wales can be considered for the South-West Regional Camps, and players based in North Wales can be considered for Midlands/North Regional Camps. The Tennis Wales Head of Performance and the U10 County Pathway Coaches are responsible for nominating players and may consult with County Captains and Performance Programme Head Coaches.

This document outlines the criteria for players to be nominated to the LTA for selection. Ultimately players will only be nominated if it is felt that the level and readiness of the player is sufficient within the context of the players across Great Britain. The LTA U10 National Pathway Coaches will have the final decision to make as to whether players nominated by Tennis Wales are selected for each termly camp.

Tennis Wales may amend this policy periodically. Any amended policy shall be accessible via the Tennis Wales website.
