DRAW STAGES & RANKING / RECENT FORM POINTS

Players are awarded ranking points (junior / adult tennis) or recent form points (9U & 10U*) for sanctioned competitions graded 1 - 5.

**Recent form points are not awarded for 8U competitions.*

The number of points allocated is determined by the draw stage that a player reaches and how far they progress within that draw.

DRAW STAGES & LTA COMPETITION REGULATIONS

There are some key regulations you should be aware of:

1. In order to receive the specified Ranking points for reaching a certain round in an LTA Official Competition, a Player must win* a match at the draw stage. If a Player does not win a match he/she will receive one Ranking point. *(LTA Competition Regulation 2.4) *A walkover would not count as a win.*
2. A Player can receive only one set of Ranking points for each event. For example, a Player who competes in both the qualifying and main draw of an event will receive only one set of points (which will be the highest set of points). *(LTA Competition Regulation 2.5)*
3. Where an event has fewer than five entries at the draw date (or in the case of doubles, fewer than three entries), no Ranking points will be allocated. Where this is the case, the Organiser must change the draw stage of the event to 'Extra' before publishing the results to the Competition Management System.
(LTA Competition Regulation 6.3)
4. A Player is only eligible to participate in a consolation draw if he/she has been entered into the relevant main draw. i.e. a player cannot move directly from the qualifying draw to the consolation draw. *(LTA Competition Regulation 7.5)*
5. Players who lose their first match [in a Compass Draw] and go into the playback in the left of the draw will receive consolation Ranking points. *(Appendix Three, 5.3)*

DRAW STAGES & TTP

If you need to amend a draw stage in TTP, e.g. if you have created Round Robin qualifications with a compass main draw and an additional draw for the players who do not qualify, this additional draw will need to be changed to **Stage 'Extra'**. You can amend this by locating the draw on your **Roster** and double clicking on the draw name to open the **Draw Properties** box:

Name	Type	Size	Stage	Playoff	Consolation	Cons.Playoff	Position
MS 40+	Elimination	16	Main Draw				1

PUBLISHING RESULTS

When amending a result or draw in your TTP file after you have already published your results to the Competition Management System, you must re-publish the results. Failure to do this will result in the most up to date information not being processed for ratings/WTN and rankings.

To publish results to the CMS, click **Internet**, then **Publish**.
