

# SUPPORTING YOUR YPWA

Thank you for joining the Young Person's Welfare Ambassador programme and supporting young people at your venue.

Here are a couple of things you can do to help your YPWA(s).

Share the initial safeguarding survey as soon as possible. Your venue specific link will be emailed to you shortly after registration

Meet with your YPWA as soon as possible and explore which tasks they would like to complete

Complete the online training module available via the link sent to you when you registered for the programme.

If aged 16 and over, support the YPWA to apply for an LTA Criminal Record Check via [www.lta.org.uk/dbsapply](http://www.lta.org.uk/dbsapply)

If the YPWA is under the age of 18, ensure parents are included in communications

Regular check-ins (these should be at least monthly)

Support the YPWA to communicate and implement their tasks

Work with the venue management/committee to support the YPWA to implement their tasks

Support them to upload their evidence. They can access this via the link shared with them once they have uploaded their training certificates
