

2026 Selection Policy – Regional Player Development Centres (RPDCs)

1. Introduction

This policy describes how players will be selected for a place at one of the Regional Player Development Centres (RPDCs) for the 2026/2027 academic year. Places at the RPDCs are subject to the RPDCs capacity, selection process/criteria and terms of the player agreement. As this policy outlines, RPDC player selection is a 3-step process;

- Stage 1) RPDC longlist selection by the LTA
- Stage 2) Players included on the RPDC longlist are eligible to contact one (or several) RPDCs and/or the Scottish Player Development Centre (SPDC) to register interest/apply
- Stage 3) RPDC or SPDC selection by the RPDC/SPDC in accordance with their selection process and criteria

The policy may be updated periodically; for example, changes may be made to the longlist process and timeline, and dates and processes may be subject to change. Any amendments shall be published on the LTA website so please check for changes on a regular basis.

2. Programme aims and locations

The RPDCs play an important strategic role within the National Performance stage of the player pathway, to increase the number of internationally competitive 14U players with the potential to transition strongly to the International Junior stage.

The RPDCs aim to support the development of those junior players considered to have the highest potential for international success and selection for the National Academy, or other International Junior stage support opportunities within the player pathway.

There are 14 RPDCs across England and Wales, and 1 Scottish Player Development Centre (SPDC), the locations as listed below:

RPDCs

- Bath University (Team Bath RPDC)
- Bisham Abbey (Delgado & Lee Pro Tennis Academy)
- Bolton Arena
- Bromley Tennis Centre
- Culford School
- Dukes Meadow
- Edgbaston Priory Club
- Gosling
- Hazelwood (Unique Tennis)
- Leeds Beckett University (The Yorkshire RPDC)
- Nottingham Tennis Centre
- Reeds School
- Swansea Tennis Centre (Wales RPDC)
- West Hants Club

SPDC

- Tennis Scotland (Stirling University/Oriam TC/Scotstoun TC)

Please note, any player selected onto the RPDC longlist for the 2026/2027 academic year, will be eligible to register interest and apply for any RPDC in England, Wales, or the SPDC. This RPDC player selection policy outlines the criteria and process for RPDC longlisting and selection.

There may be additional criteria for the SPDC of which full details can be found on the Tennis Scotland website.

3. RPDC Purpose

Each RPDC is committed to supporting and developing 10- 14-year-old* players, through a person first approach to deliver:

- An inspiring and transformational development environment for our next generation of pro players
- World class coaching and support, these centres will increase the number of nationally relevant players aged 10+ who can transition effectively to the international junior stage of the player pathway by 14.

**In exceptional cases younger players may be considered*

4. Eligibility

Players are only eligible for longlisting and selection provided they are of an eligible age (4.1) and are eligible to represent Great Britain (4.2), as follows:

4.1 Age eligibility

For a player to be considered eligible they must be born in 2013, 2014, 2015 and 2016*

**In exceptional cases players born later than 2016 may be considered on a case-by-case basis*

4.2 Eligible to represent Great Britain

Eligible to represent Great Britain - Players must hold, or be in the process of obtaining, a British passport, be a British Citizen and have not represented any other nation in a representative team event. Evidence may be asked for to prove eligibility. Those not meeting this stipulation, but who have lived in Great Britain continuously since 1 September 2024 will be considered on a case-by case basis. Such players must contact playerpathway@lta.org.uk to confirm they would like to be considered.

5. RPDC longlist criteria (Performance Level Requirements)

For an eligible player to be longlisted for RPDC consideration, they must meet the Performance Level Requirements (PLR) by fulfilling either of the following criteria;

- UTR benchmark (5.1) **and** one coach nomination (5.2), or
- Receive a minimum of two coach nominations (5.2)

5.1 Universal Tennis Rating (UTR)

Using the UTR, we will create a ranking list of players in each age and gender based on their UTR on Friday 10th April 2026. To meet the UTR criteria (5.1), a player will need to achieve the following *:

- 11U – Top 24 in GB based upon their UTR
- 12U – Top 20 in GB based upon their UTR
- 13U – Top 16 in GB based upon their UTR

****Players who achieve multiple age group benchmarks will still require a national coach nomination***

National Coach Nomination

Receive a nomination from an LTA National Performance Pathway Team Coach (National Age Group Coach, National Pathway Coach, or RPDC Network Lead). Nominations are based on observations made between 1 April 2025 and the longlisting meeting. Coaches identify players they believe have the highest potential to progress through the pathway towards international success and future National Academy, or International Junior stage opportunities. Specifically:

At ages 10 & 11 years old

Potential to be selected for National Pathway activity at 11U/12U and progress through the National stage of the Player Pathway, in consideration with the following areas:

- **Game style:** The player is developing skills in all phases of play and areas of the court (all court game), which can be developed into a successful future gamestyle,
- **Strengths & Weapons:** The player is showing early signs of strengths which are being developed and have the potential to be successful at the next age and stage,
- **Head:** The player demonstrates a basic understanding, and appropriate decision making, in all phases of play (attack, neutral, defense) and is showing the ability to sustain focus and refocus during matches,
- **Heart:** The player's drive and attitude in training and competition shows a willingness to learn and a desire to compete hard in matches. The player demonstrates the courage to play a proactive, future focused style of play in competition,
- **Athlete:** The player has athletic fundamentals (agility, balance & coordination) which can be developed into physical attributes that could positively influence the outcome of matches,
- **Performance:** The player has established a competitive profile at regional level and above. Their results profile shows a future or current capability of becoming Nationally competitive (or better) in consistently winning matches at a national level in their current year of birth and/or above,
- **Readiness:** The player is ready to engage and meet the demands of the RPDC programme.

At ages 12 & 13 years old

Potential to be selected for National Camps and/or Official Trips between 12-14 years of age, in consideration with the following areas:

- **Game style:** The player is developing an all-round game, with an emerging gamestyle which can be successful at the international junior stage and beyond,
- **Strengths & Weapons:** The player has emerging strengths which can be developed into successful weapons at the international junior stage and beyond,
- **Head:** The player demonstrates smart decision making, good problem-solving abilities and a level of focus in matches, irrespective of the match situation,
- **Heart:** The player's drive and attitude in training and competition shows a willingness to learn and a desire to win matches,
- **Athlete:** The player has a robust athletic foundation which can be developed into physical attributes that could positively influence the outcome of matches,
- **Performance:** The player has competitive results, ranking and rating (at current year of birth or above). Their results profile shows a future or current capability to become a Nationally relevant player or above (consistently reaching the last 16 or beyond at domestic G1 level or above) in their current age group and/or above. The player shows the potential to beat players of a higher level than themselves,
- **Readiness:** The player is ready to engage and meet the demands of the RPDC programme.

Considerations relating to limiting factors

The National Performance Pathway Team may also consider any of the following matters that influences their opinion on the player's potential when considering National Coach nominations (5.2):

- The player's biological age and physical maturation;
- The player's historic training programme;
- The player's historic tournament schedule and match count;
- Any other considerations that have led to a significant interruption or impact on tennis (e.g. illness, injury).

RPDC longlist communication

Any player who meets the eligibility criteria (4.1 and 4.2) and Performance Level Requirements (5.1 and 5.2, or 2 coach nominations (5.2) will receive written communication confirming their inclusion on the RPDC longlist for the upcoming academic year (2026/2027). **For the avoidance of doubt, this does not mean a player has been selected for an RPDC or SPDC**, but instead eligible for consideration and selection for an RPDC or SPDC (if meeting the specific RPDC/SPDC selection criteria as outlined in section (6)).

Once a player has received the written communication confirming their inclusion on the RPDC longlist for the 2026/2027 academic year, they are eligible to contact RPDCs and/or SPDC of interest and register their interest/apply. The written communication will include the contact details for each of the 14 RPDCs and the SPDC. For the avoidance of doubt, RPDCs and the SPDC will only receive the confirmed list of player names that have been longlisted. Player contact details will not be provided to the RPDCs or SPDC due to confidentiality, and therefore **it is the responsibility of the RPDC longlisted player/parents/guardians to contact the RPDCs/SPDC to register their interest/apply.**

The RPDC longlist will be applicable for the academic year of selection (2026/2027) and a new longlist will be created each spring for the following academic year (September). Players can be longlisted again if they meet the eligibility and performance level requirements (PLR), but players will not automatically remain on the list unless they achieve the PLR criteria as outlined in the policy at the point of longlisting.

Players on the RPDC longlist, if selected by a Regional Player Development Centre (RPDC) or Scottish Player Development Centre (SPDC) through their selection criteria and process (6.1 and 6.2), will be eligible to receive a subsidised training programme at the specific RPDC/SPDC. Acceptance to and continued inclusion on an RPDC/SPDC programme is at the discretion of each RPDC/SPDC programme and in accordance with their re-selection process.

In exceptional circumstances a player can be added to the RPDC longlist during the year *

**This will require two LTA coach nominations from the LTA NPP Team and based on the likelihood of that player being selected for a national camp, international activity, or NAGP scholarship programme in the academic year selection decisions are being made.*

6. RPDC and SPDC selection criteria and process

6.1 Selection Criteria

Each RPDC and the SPDC will set out a clear selection process and criteria, explaining how they assess players, make decisions, and communicate outcomes. At a minimum, this must include;;

- Face to face assessment
- Parent meeting
- Verbal communication of decision, followed by written confirmation.

As aforementioned, players that are longlisted for RPDC consideration will receive written communication from the LTA which will include the contact details for the RPDCs and SPDC.

Links to all RPDC websites can be found [here](#).

6.2 Selection process

The selection process will normally run during May/June (with decisions communicated by the 30th June 2026 at the latest), to enable RPDCs/SPDC to confirm players for September 2026 in plenty of time and notice for the player, their schools, current programme and to provide a smooth transition into the programme through the summer months.

Once a player has been selected for and accepted a full-time place at an RPDC or SPDC, the reselection of the player and contracting will be the responsibility of the RPDC or SPDC to manage. RPDCs/SPDC must confirm reselection/contract extension by an agreed date (31st May 2026) to give adequate notice to the player and enable players/parents time to consider alternative options if required.

All players offered an RPDC place, whether full time or access, must sign a player and parent agreement. This will include, at a minimum, the RPDC code of conduct, disciplinary process, safeguarding policy, and guidance on how to raise any concerns.

Full time means the RPDC holds overall responsibility for the player's development, including their IDP, individual lessons, and the majority of their weekly training.

Access means the player trains with the RPDC on a limited basis, with the minimum expectation being participation in squad training two days per week.

If a player decides to leave an RPDC mid-year, or is not offered a place for the start of the academic year (September for English and Welsh RPDCs, and August for the SPDC), another RPDC or SPDC can consider the player for selection if they meet the selection criteria for that RPDC/SPDC and there is a place available.

A player who was on the RPDC longlist but not selected for an RPDC or SPDC, or that leaves an RPDC or SPDC mid-year and is not offered a place at an alternative RPDC or SPDC, will need to be longlisted and go through the selection process again the following spring to be considered for the next academic year.

7. Reselection

A player based full time at an RPDC or SPDC for the 2025/2026 academic year (and *remains a full-time player in the summer term -2026*) will automatically be included on the RPDC longlist in May (if still age eligible). As such, they are

eligible for consideration for reselection at their current RPDC or SPDC, or consideration for selection at an alternative RPDC or SPDC.

If a player is not reselected or selected as a full-time player into an RPDC or SPDC for the 2026/2027 academic year, they will need to meet the RPDC longlist criteria in spring 2027 to be eligible to be considered for selection in the 2027/2028 academic year.

RPDCs and the SPDC will be required to send confirmation of their full-time player list for the summer term by Friday 10th April 2026.

8. Key dates

Finalisation of the RPDC longlist for 2026/27 will take place the week commencing 13th April 2026 with all identified players advised by the week commencing 11th May 2026.

9. Appeals

For the avoidance of doubt, players who do not meet the eligibility criteria (4.1 and 4.2) and the Performance Level Requirements (5.1 and 5.2, or two national coach nominations (5.2) for any reason are not eligible to appeal.
