

Independent Learning FAQs

What if I have completed multiple learning opportunities and would like recognition for all of them?

If you have undertaken a variety of these types of learning during the COVID-19 period then you are able to apply for recognition of up to 3 activities per application. Subject to satisfactory learner reflection, the total amount of learning will be recognised as per the rules above. If you are applying for multiple forms of learning at once this will be combined and applied at the same time on your coach secure area.

If I have already completed my 8 'online CPD Credits' can I apply for more online course credits? (Whether LTA courses or otherwise)

Yes. The technology currently restricts us to 8 CPD Credits as part of Coach Accreditation for LTA online courses. Through this process we are opening up CPD and learning to allow for more than 8 credits through online courses. We always recommend where possible to undertake 7+ hours per year of face to face learning but we understand at this time it may not be possible.

When will I hear back?

You will be asked to enter your Coach Accreditation expiry date, as we will be prioritising coaches that require CPD Credits for them to renew as of the 31st July. Therefore we ask for your patience as we work through the applications. This could take up to 8 weeks if your accreditation renewal is not imminent.
