

PLAYER GRANTS FOR OVERSEAS TOURNAMENTS FOR PLAYERS 14+

In some instances player grants will be awarded for overseas tournaments where an official trip is not planned. This is to help players progress in order for them to transition between the NAGP/PSPP and the PSP or where a player has shown outstanding recent form and put themselves in contention to reach Grand Slam qualification status. Such grants will be available only at the discretion of the LTA. In order to receive a grant a player must meet the eligibility criteria outlined in the eligibility section below and the following process will be followed.

- The National Coaches will put forward players to the Head of Men's / Women's Tennis that they believe should receive a grant for an overseas tournament.
- The National Coach must include why they believe this opportunity would benefit the development of the player.
- The Head of Men's/Women's Tennis will then determine a) if the grant is to be awarded and b) the maximum amount available for the grant.
- Any other players of the similar level will be discussed to determine if it is an opportunity that should be extended.

ELIGIBILITY

In order to be eligible to be considered for selection for an overseas tournament grant players must be:

- Within the age requirements of the NAGP 14+ activity in question. This, in the case of ITF Junior events, will be governed by the age requirements of these tournaments. National Camps operate using international age categories (calendar year of birth);
- Eligible to represent Great Britain or, where the NAGP Activity does not require the player to be eligible to represent Great Britain, be committed to becoming eligible to represent Great Britain and has a reasonable prospect of becoming so by no later than 31 December 2020.

AMENDMENTS

The LTA may amend this Policy from time to time. Any amended Policy will be published on the LTA website.
