

ATP & WTA FAN MOVEMENT

In 2025, the ATP & WTA introduced a new approach to Free Fan Movement across all their tour events around the world.

Free Fan Movement gives you the freedom to enjoy the tennis with greater access in and out of certain areas of the stands while matches are being played.

Depending on where you're sat, you will have either Restricted or Limited movement during matches to enter and leave the stadium.

There are two zones of movement – Red and Orange – which indicate when you can move from and to your seat:

-  **Red (restricted movement):**
You can move at every change of ends and set breaks.
-  **Orange (limited movement):**
You can move at the end of each game.

Please be considerate of other fans when moving around the stadium and keep disruption to a minimum.

If you're unsure of what area you are in, or what the rules are, you can also ask any of our event volunteers, who will be on hand to help you.

CENTRE COURT
