

# ClubSpark

Winner "Best Participation Technology"  
Sports Technology Awards 2017

## What is ClubSpark?

- ClubSpark is an open, cloud-based bookings platform for sport events and activities
- We help sport providers generate more money, save costs and improve standards
- We make it easier for players to find, book and play more often
- We enable national federations to understand and engage with more participants

## We enable providers to:

### MANAGE

Set-up resources, coaching, schedules, memberships

### PROMOTE

Services online and take payments online

### DELIVER

Services to players to increase participation

## Improving quality, insight and access to sport

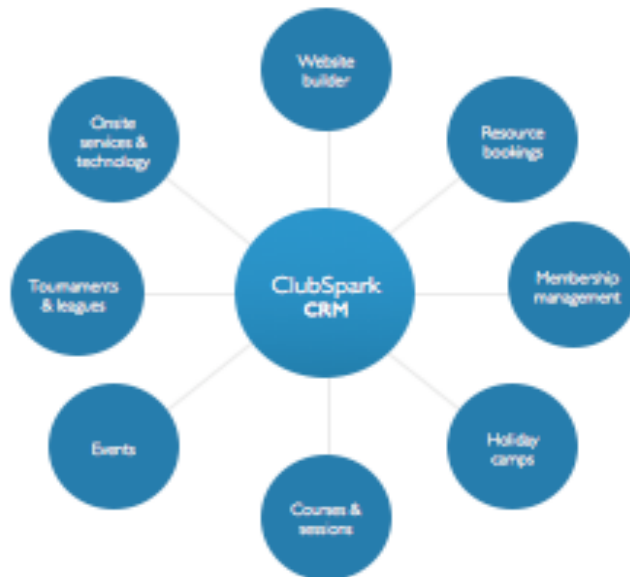

### Example platforms;

- British Tennis
- Tennis Australia
- Tennis New Zealand
- England Athletics
- Royal Automobile Club
- The ECB
- Table Tennis England
